
Al Qanoon Fil Tib.pdf

Avicenna's Canon of Medicine was originally written by Ibn Sina in Arabic, with the title "Al-Qanun Phil Tibb", translated into English by O. Cameron. This book contains everything I know about medicine and healing and is therefore the most complete guide to the subject ever written by man. In this book, I present my own views on the treatment and care of a sick person, who represents the whole of humanity. Therefore, I believe that despite the fact that this book is intended for healing, it should be read by priests, doctors, teachers and those who believe that education is the duty of every person.
