Rated 5 out of 5 by PappyRedbone from Used ItBefore I go get my girlfriend a new tablet, she's been using GnuCash for a while now, and with all of the changes with the new release (software update, the easy of changing printers, etc) she has been constantly getting reports of "My GnuCash is broken!" We were both pretty upset. So, I found GnuCash To QIF and gave it a try, and she still has not had an issue with it. Date published: 2016-08-11 Rated 3 out of 5 by Anonymous from Something brokenor missing. Not so easy.The most frustrating was when I installed on Windows 10. It didn't work. By the time I figured out what was happening, it was too late. I would have rather waited until I found out that it didn't work. Date published: 2016-08-05 Rated 5 out of 5 by Arthur35 from I like itGnucash is great. I have used it for years. This converted it to QIF so I can see what I have and how much I have to get rid of. It took about 30 minutes to convert a 10 year old file. I will definitely use this again. Date published: 2016-06-14 Rated 4 out of 5 by WilliamReese from Works WellThe program works well, but it only works with the latest version of GnuCash.
