Hate wasting time by typing? With Talkative IRC, just type the first letter of the person's nickname, and the rest is automatically entered for you. This is a chat tool so of course, you can talk. By the way, when we say "chat", we really mean it. Chat on Talkative IRC is free! I'm changing the License for Talkative-IRC.net to GNU GPLv3. The previous version was not available for commercial use, so it was highly unusable. Each "License License" I publish, it is only a complete License. I am only selecting the names of the License that I publish. Looking for Users Talkative-IRC.net is one of the most popular community chat platform with hundreds of thousands of users every month. It is one of the most trusted community sites. We now want to invite users from all over the world to join our community and help us make the best community possible. Visit our website and download our public chat client Talkative-IRC.net. Our chat client is perfect for fast, simple and free text chat and for connecting to IRC, XMPP and Facebook channels. For the most of you the Chat client can be installed on your phone or tablet as well. What is the Seein' Eye Doin' section? What exactly is "Seein' Eye Doin" here at Talkative-IRC.net? "Seein' Eye Doin' is a section that offers various chat activities, such as casual communication of chat messages, conducting interviews, giving quizzes and earning badges. You can invite any user as a collaborator for the activities you are conducting, and also add a link to your activity to your online presence. If you decide to add a profile, you can see the messages, comments and profile there, as well as the chat messages sent to you." The target of this concept is that the users would be able to share and view their own experience through the two different platforms of Talkative-IRC.net and XMPP, which are both real-time communication, and one can easily understand the other. One of the most interesting features for our users is that they can communicate with other Talkative users within their own Pidgin and xmpp clients. In addition, you can also share your profile on XMPP and chat in Talkative IRC. "IF YOU WANT TO JOIN
