I'm updating this thread since the Internet has changed... NOW AVAILABLE: DREAMLIGHT: A Piece Of An Enormous Puzzle, A Novel SIMPLY PUBLISHED AUTHORS: Books I love Most of the time, I hate shopping. Okay, that may be a bit of an exaggeration, but the reality is I hate shopping. All those aisles of overpriced, apparently worthless crap... What the hell kind of world are we creating when we're all focused on these pathetic do-it-all gadgets?! Every day, the news reveals more and more shoddy products and companies destroying the planet. How can we possibly trust anything anymore? I don't want to buy anything. Not a single thing. But then, sometimes you just want to. A simple thing, like a new pair of socks, for instance. Or maybe a new lamp. I don't care what it is as long as it's not a mobile phone or a laptop or a TV. When I buy something, I don't want to replace it in seven years. I don't want to see the packaging, I don't want to open the box, and I definitely don't want to look at the instructions for putting it together. I just want to get it done and go home. Too bad, I have no choice but to participate in the madness. Now, let me ask you this: are you happy? Do you

An A_wall is a simple application that will provide you with a never-ending stream of high-quality desktop wallpaper through a very simple concept: change the desktop wallpaper whenever you want and as many times as you want… What can you find in A_wall? First of all, there is a bunch of awesome wallpapers to choose from. Second, you can easily change your desktop background each time you run the application. No more annoying "paint" on your desktop, which most of the other desktop wallpapers don't offer… You can change the theme in the application settings as well as randomize the wallpaper placement in the configuration option window… Everything is so easy… Easy doesn't even mean it's easy. What you have to do is just drag and drop the wallpaper files on the A_wall icon on your desktop! Your desktop will look as original as possible… How is this possible? Because A_wall uses the very first algorithm on the desktop wallpapers databse, which is bingo. All wallpapers are sorted randomly. Randomwallpaperlist The main icon of A_wall Large set of wallpapers How to install A_wall What's new? Install A_wall is very easy and you don't need any technical knowledge.
