How To Crack:

System Requirements:

Default Settings: Creatures are arranged in a melee-friendly formation, putting them at the front when engaging in combat. When outside the melee range, they'll walk around to the side or back. Spending resources allows more units to be recruited, providing more men to support the main armies. Fire support is balanced to be heavily focused in the main forces. Only a few fire support vehicles are fielded to support the siege and assault forces. The land units are slower and less mobile than naval forces. The only land units that cannot walk
