10 / 10 FROM NQ+: "What's great about this new game is that it's a realistic fantasy game, albeit one that is fun to play and a lot of fun to adventure. The game gives the feel that you're not just walking through a fantasy game, but in reality. This helps maintain the game's sense of realism and adventure. The game also has a lot of quests and a lot of content to do. The game also gives the feel that you're not just playing a game, but adventuring. All in all, the game is quite an enjoyable one and is a wonderful RPG game. If you're looking for a fun game that brings out many adventure elements and games, then you should pick this up and give it a go." 10 / 10 FROM Gaming Heaven: "I really enjoyed the first game I played, and this game is just as much fun as the first one. The game has a simple interface, but that doesn't make it any less fun. The game is very easy to pick up, and some of the dialogue is quite humorous. The interface isn't perfect but it's good enough and doesn't hinder gameplay. This game has so many characters I've just barely gotten to know so I don't want to give much more away but the game just keeps up the surprise. It's a game that doesn't try to be like any other but it is a bit more like the first one in some ways. If you enjoyed the first game you should try this one." 10 / 10 FROM Excite News: "Simply put, this is the type of game that is designed for the whole family. There is enough role-playing, combat, and adventure to keep any family member interested and engaged, and the pace never flags. The combat is fun but not frustrating, the journey from dungeon to dungeon is fun and never feels tedious, and the overall amount of content is outstanding. I certainly don't think that this is the type of game for first-time players, but seasoned fans will feel right at home here. This is a must-have game for your library." 10 / 10 FROM GameZone: "This was just a fun game to play. I enjoyed the story and the challenge. I didn't have too much trouble with the puzzles, but I did have a bit of trouble with the combat,

because this was a little confusing, but all in all, it was fun." 10 / bff6bb2d33
