He was named by the World Economic Forum to the Global Leaders Network in 2014. References Category:Egyptian businesspeople Category:World Economic Forum Center for Strategic InitiativesQ: How do you store a user submitted value in MySQL? How do you store a user submitted value in MySQL (PHP)? I'm having issues figuring out which database to use, the best way to store user submitted information. Using PHP and MySQL as the back-end. A: You have a few options. You could use a form and put your input into the URL: In this case, you can access each field through the \$_GET array. You could use a form input into a POST: The \$_POST array would then hold the submitted data. You could store it in a cookie:
