. this achievement ALSO grants adventurers a MONKEY (spoiler: requires certain actions to be completed in Embers of Rage) and is not affected by mods that unlock the class. In general, there are several places where you can find the "scene" with the monkey : 1. In the first location (Bridge) there is a place where you will be asked to kill some mobs. Here you need to first kill Papa Rico, and after you kill him (you have to wait until he respawns anyway), a monkey will appear. If you defeat her, you will receive a bonus for killing the boss. 2.
