Wii Nand Backup Files !EXCLUSIVE! Download

Download

July 11, 2009 - If you have the correct files on an SD card, bootmii must run when the Wii is turned on, and a NAND backup must be available. on ... I tried several different solutions and now I can start bootmii on boot. I think I need more time to figure out how the different parts work. I was very happy that I was able to install bootmii on the SD card. I have bootmii files on SD card but I don't know how to run bootmii. It doesn't work when I try to download it. Any ideas? Can I make a NAND backup and then use a different boot disk from a USB flash drive? Thanks. - Brian [Wii]

Wii Nand Backup Files Download
